

The screenshot displays the Microsoft Access 2007 interface for a database named "BAM Accompanying Measures 2012 PE2 : Database (Access 2007)". The main window shows a report form with the following elements:

- Navigation Pane:** A vertical pane on the left side containing a list of report options:
 - Detailed table of Expenditure
 - Summary table of budget consumption by Budget
 - Summary table of expenditure by Budget Heading
 - Detail table of Expenditure by Budget Heading
 - Current Report
 - First Report
- Form Fields:** At the top, there are two date fields: "Beginning Date" (01-Jul-15) and "Ending Date" (18-Aug-15).
- Report Buttons:** A central area contains several buttons for report generation:
 - "Detailed table of Expenditure" (with a "BZE \$" label)
 - "Summary table of budget consumption by Budget"
 - "Summary table of expenditure by Budget Heading"
 - "Detail table of Expenditure by Budget Heading"
 - "Current Report"
 - "First Report"
 - "CLOSURE Detailed table of Expenditure"
 - "CLOSURE Summary table of budget consumption by Budget"
 - "CLOSURE Summary table of expenditure by Budget Heading"
 - "Set Year, Current Date, and Exchange Rate"
- Other Elements:** A "Close" button is located between the "Summary table of expenditure by Budget Heading" and "CLOSURE Summary table of budget consumption by Budget" buttons.

The status bar at the bottom indicates "Form View", "Record: 1 of 1", and "No Filter". The Windows taskbar at the very bottom shows various application icons.
